

## Imagine Amenia

**We are** a group of citizens who believe in good, honest, responsive government to improve the welfare of the town, in terms of business prosperity, civic amenity, and the natural and man-made environments.

**We want** our town politicians to listen to us.

**We support** the impressive volunteer efforts to improve the town that have been made by such groups as the Master Plan Committee, the Enhancement and Beautification Committees, and the Waste Water/Sewer Committee.

**We propose** an initiative to establish a town Economic Development Committee, in association with the Chamber of Commerce, to go out and bring in good business.

**We need** economic development to be balanced by a good quality of life.

**We demand** that the Town Board make responsible and legal zoning decisions, based upon the Master Plan and the town's zoning regulations.

**We urge** development of recreation and other much needed facilities for young and old.
